THE AUDITORIUM RESTORATION

- Work at the Auditorium was completed in the summer of 2001, at a cost of £250,000 and we are now open for the public. The restoration of the building has been a major project and we are now open for the public. The restoration of the building has been a major project and we are now open for the public.
- 1. The Council has been the largest donor to the project.
 - 2. The Council has been the largest donor to the project.
 - 3. The Council has been the largest donor to the project.
 - 4. The Council has been the largest donor to the project.
 - 5. The Council has been the largest donor to the project.
 - 6. The Council has been the largest donor to the project.
 - 7. The Council has been the largest donor to the project.
 - 8. The Council has been the largest donor to the project.
 - 9. The Council has been the largest donor to the project.
 - 10. The Council has been the largest donor to the project.

Once these final five aspects of the auditorium are completed, it will be even more beautiful. We are very grateful to the grants from Northampton City Council, Southam Town Council and other grant funders, but we are also in need of more donations from individuals and the £10,000 that we need to complete the work through the public donations during 2001.

Thank you so much. It really goes to show how a few people in a league can add up. We do hope you will continue to support the theatre and donate as generously as you.

If you would like to help the Kings Theatre Trust call with the projects to complete the work in the auditorium, please contact the Trust Office on 01535 5555 222 or info@kings-theatre-trust.co.uk

ep 1

Choose which parts you are going to use to create your beast and list them below:
